EXPERIENCE

ACADEMOR | SOFTWARE ENGINEER INTERN

Mar 2023 – May 2023 | Somewhere, XX

- Gained a basic understanding of cloud computing fundamentals, including a working grasp of AWS.
- Obtained hands-on experience in basic cloud operations.

ZIDIO DEVELOPMENT FULL STACK WEB DEVELOPER | INTERN

Aug 2024 – Present

- I am working as a full stack web developer, where I built a comprehensive job listing portal.
- Allowed me to continuously gain knowledge and improve my skills in both frontend and backend development.
- I am working with technologies such as React, Node.js, Express, and MongoDB, implementing key features like user authentication, job postings, and file uploads
- My ongoing involvement in this project has significantly enhanced my understanding of full stack development and continues to provide me with valuable hands-on experience.

PROJECTS

JOB LISTING PORTAL | TEAM LEADER

Aug 2024 – Sep 2024

- The primary goal of the Job Listing Portal is to create an efficient platform where job seekers can easily find relevant jobs and employers can manage job postings to find suitable candidates.
- To build a responsive and user-friendly interface for job seekers and employers, ensuring they can navigate the portal effortlessly.
- Store user and job data securely and allow for easy retrieval and display of relevant information for each user role.
- Managed user sessions and role-based navigation using React's Context API.

FITZONE | A GYM WEBSITE

Jul 2024 – Aug 2024

- Created a dynamic and responsive gym website using HTML, CSS, Tailwind, and React to promote fitness services and engage users.
- Implemented interactive UI components, integrated user-friendly navigation, and implemented responsive layouts to ensure seamless experiences across devices.

PROPERTY LISTING | WEBSITE

Mar 2024 – Apr 2024

- Developed a property listing web application using React, where users can view property listings and submit inquiries.
- Implemented a Home Page that displays a list of property thumbnails, each containing an image, title, price, and a "View Details" button. Added pagination for easy navigation through the listings.
- Designed the application with responsive layouts, ensuring optimal performance and usability on both desktop and mobile devices.

EDUCATION

AMITY UNIVERSITY

BACHELOR OF TECHNOLOGY IN
COMPUTER SCIENCE AND
ENGINEERING
Sep 2020 - Jun 2024
Noida

SKILLS

PROGRAMMING

- C++
- HTML
- CSS
- JavaScript
- React
- Tailwind
- Bootstrap
- Git

ORGANIZATIONS

North Ex-blind Welfare and Educational
Society
Delhi
Jan 2023 - May 2023
Volunteer
